FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

In the Matter of

Amendment of Section 73.202(b)	)	
Table of Allotments	)	MM Docket No. _____
FM Broadcast Stations	)	RM - _____
(Charles Town, West Virginia	)	
and Stephens City, Virginia)	)	

To: Chief, Audio Division  
 Office of Broadcast License Policy  
 Media Bureau

**PETITION FOR RULE MAKING**

Cleveland Radio Licenses, LLC ("CRL"), licensee of WXVA-FM, Charles Town, West Virginia, by its counsel, hereby requests that the Commission amend the FM Table of Allotments to delete Channel 252A at Charles Town and allot Channel 252A to Stephens City, Virginia as that community's first local service. If this Petition is granted, CRL will file an application to modify the license of WXVA to specify operation on Channel 252A at Stephens City. Charles Town, West Virginia will retain local aural service, and any area losing service from WXVA as a result of these changes will remain well served. Accordingly, the net result of this petition will be a new first local service at Stephens City, Virginia, a preferential arrangement of allotments.

The following table summarizes the changes requested in this Petition:

City	Channel	
	Existing	Proposed
Stephens City, Virginia	----	252A
Charles Town, West Virginia	252A	----- <sup>1</sup>

In support hereof, CRL states as follows:

Charles Town, West Virginia will retain aural service from WMRE(AM).

No. of Copies rec'd 074  
 List ABOVE MMB  
02-107

## **I. Technical Analysis**

1. As demonstrated in the Technical Exhibit, Channel 252A can be allotted to Stephens City, Virginia at coordinates 39-07-30 North Latitude, 78-04-26 West Longitude consistent with Section 73.207 of the Commission's Rules. *See* Figure 1. A 70 dBu signal can be provided to Stephens City from the proposed reference point. *See* Figures 5A-B. The relocation of WXVA to Stephens City will enable the station to increase power from 3 kW to 6 kW, and will result in a net gain in population of 21,521 persons able to receive a 60 dBu signal from the station. *See* Technical Narrative. The loss area will continue to be well served by more than five aural services. *See* Figures 3-4.

## **II. Change in Community of License**

2. In order to grant a change in community of license without opening the license to competing applicants, (i) the proposed use must be mutually exclusive with the existing use; (ii) the existing community of license must retain local service; and (iii) the proposed allotment plan must represent a preferred arrangement of allotments for the communities involved. *Amendment of the Commission's Rules Regarding Modification of FM and TV Authorizations to Specify a New Community of License*, 4 FCC Rcd 3870 (1989), *recon. granted in part*, 5 FCC Rcd 7094 (1990) ("*Community of License*"). All three criteria are satisfied in this case. First, the proposed allotment of Channel 252A at Stephens City is mutually exclusive with the existing allotment of Channel 252A at Charles Town. *See* Figure 1. Second, Charles Town will retain local service from AM radio station WMRE(AM). Third, the relocation results in a preferred arrangement of allotments under the Commission's priorities, since Stephens City (2000 U.S. Census pop. 1,146) will receive a first local service (Priority 3) while Charles Town (2000 pop. 2,907) will

retain local service as described above (Priority 4). *See Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982).

3. Stephens City is not located within any Urbanized Area, and the 70 dBu signal will not cover any portion of an Urbanized Area. Therefore, this relocation does not implicate the Commission's policy concerning the potential migration of stations from underserved rural areas to well-served urban areas. *See Elizabeth City, North Carolina and Chesapeake, Virginia*, 9 FCC Rcd 3586 (1994).

4. The Town of Stephens City is a community deserving of a first local service preference. Stephens City is listed in the U.S. Census 2000 with a population of 1,146. The U.S. Post Office associates zip code 22655 with Stephens City, and operates a post office in Stephens City. *See Exhibit A*. According to the town Administrator, Stephens City is governed by a Mayor and town council, which meets the first Tuesday of each month. The mayor is elected for a two-year term. The town council is composed of six elected members who each serve two-year terms. The Town of Stephens City provides many municipal services to its residents, including police, public works, water, sewer, planning and community development, zoning and permitting, street maintenance, refuse collection and a park and recreation department. Fire protection is provided by Frederick County, which maintains a station in the town. *See Exhibit A*.

5. According to the town Administrator, the Town of Stephens City was chartered in 1758. The town was initially called Stephensburg until 1875 when the name was changed to the Town of Stephens City. It is a thriving community with an active populace. Associations and organizations located in Stephens City include the Stephens City Lions Club, Stephens City Moose Lodge, Elks Club, and Stephens City Little League. The Town of Stephens City is a

member of the Frederick County/Winchester Chamber of Commerce. Stephens City holds annual community events such as the New Town Heritage Festival Parade each June and an annual Thanksgiving 5K Race. There are numerous parks and historical attractions in Stephens City such as the Stephensburg New Town Historical District, which is maintained by the town. There are numerous shops and eating establishments in the district. The Craftsman Guild and Stone House Museum are located in the historic district. The State of Virginia Civil War Trail System has a location in the historic district to commemorate an engagement that occurred during the Civil War. The town is currently constructing a community center with an anticipated opening this year.

6. Stephens City retail businesses include a wide variety of companies ranging from technical to shopping, such as Classic Transit Co., Stephens City Car Wash, Miracle Web Productions, Veterans Texaco, J&M Market, Cardinal Electric Supply, Inc. Stephens City Barber Shop, Rinker Orchard, Inc., Stephens City Outlet Store, Computer Solutions, Lantz Pharmacy and Gifts, Family Drive-In Theatre, Stephensburg Cab Co., and Miller Hardware and Supply. Stephens City has numerous dining and hotel establishments such as The Inn at Vacluse Spring, Lily Gardens Restaurant, New Town Tavern, Comfort Inn, and Holiday Inn. Banking services are provided by the Bank of Clarke County, F&M Bank and First Virginia Bank. The Appleland Raceway Park and Appleland Sports Center are located in Stephens City and provide recreational activities. *See Exhibit A.*

7. The Frederick County Public School system provides public education for children in grades K-12 in Stephens City. Bass-Hoover Elementary School, Robert E. Aylor Middle School, Sherando High School, and Stephens City Annex School are located in Stephens City. Child care is provided by the Stephens City Methodist Pre-School, Apple Country Head

Start and Agape Kings Kids Day Care. The Bowman Library, a public library located in Stephens City, offers regular programs for Stephens City children. Medical services are available from the Veterans Affairs Clinic, Bon Air Home for Elderly, and the Stephens City Out Patient Clinic. There are several practicing dentists in Stephens City. The Virginia Autism Resource Center is also located in Stephens City. Veterinary services are provided by Stephens City Animal Hospital and Veterinary Clinic. There are numerous houses of worships of various denominations such as Stephens City Mennonite Church, Stephens City United Methodist, Greenway Baptist Church, and Sherando Presbyterian Church. *See Exhibit A.*

### **III. CONCLUSION**

The allotment of Channel 252A to Stephens City, Virginia is in the public interest because Stephens City will receive its first local service and an additional 21,521 people will be able to receive radio service. Charles Town, West Virginia will retain local service, and the residents of the Charles Town area will continue to enjoy reception of many aural services. The Commission should promptly issue a Notice of Proposed Rule Making as described herein.

Respectfully submitted,

CLEVELAND RADIO LICENSES, LLC

TECHNICAL EXHIBIT

PETITION FOR RULE MAKING  
TO AMEND THE FM TABLE OF ALLOTMENTS

CHARLES TOWN, WEST VIRGINIA  
STEPHENS CITY, VIRGINIA

Technical Narrative

This technical narrative and accompanying Figures have been prepared on behalf of station WXVA (FM), Charles Town, West Virginia, in support of a Petition for Rule Making to amend 47 C.F.R. Section 73.202(b) to reallocate channel 252 A (3 kw) at Charles Town, West Virginia to channel 252 A (full 6 kW class A) at Stephens City, Virginia.

As the requested change is mutually exclusive with the channel's current allotment, Petitioner invokes the provisions of Section 1.420(i).

The following is a summary of the merits of this reallocation proposal:

- The community of Stephens City, Virginia (2000 Census population 1,146 persons) will be provided with its first local aural transmission service.
- The community of Charles Town, West Virginia (2000 Census population 2,907 persons) will continue to have local aural service from standard broadcast station WMRE.
- The proposed channel 252A allotment site at Stephens City, Virginia satisfies the Commission's allocations spacing rules.<sup>1</sup>

---

<sup>1</sup> Proposed allotment coordinates are 39° 07' 30" North, 78° 04' 26" West. See this Exhibit under the heading "Compliance With FCC Rules" for details on allocations considerations with respect to this site. Also see *Figure 1* accompanying this Exhibit for the allocations spacing study.

- The 60 dbu gain area associated with the proposed reallocation of channel 252 will encompass 101,989 persons, while the 60 dbu loss area will encompass 80,468 persons, for a net gain of 21,521 additional persons served within the WXVA 60 dbu service contour<sup>2</sup>.
- The channel 252 60 dbu loss area is well served by a number of radio services<sup>3</sup>.

---

<sup>2</sup> See Figure 2.

<sup>3</sup> See Figures 3 and 4.

*Table of Figures Accompanying this Exhibit*

Figure 2	WXVA (FM) Channel 252 60 dbu Gain and Loss Areas
Figure 3	Depiction of Services to WXVA 60 dbu loss area
Figure 4	Tabulation of Services to WXVA 60 dbu loss area
Figure 5	WXVA 252A 70 dbu Service to Stephens City, VA.

Proposed Change in the FM Table of Allotments

Charles Town is located in Jefferson County, West Virginia, and has a 2000 U.S. Census population of 2,907 persons. Under this proposal, Charles Town will continue to receive local aural radio service from WMRE.

Stephens City, Virginia is located in Frederick County, Virginia, and has a 2000 U.S. Census population of 1,146 persons. Stephens City has no local FM or AM aural broadcast service and, therefore, Petitioner's proposal would bring a first local aural broadcast service to Stephens City.

Accordingly, Petitioner requests modification of the FM allocation table as follows:

<u>City</u>	<u>Present</u>	<u>Proposed</u>
Charles Town, WV	252A	-
Stephens City, VA	-	252A

Compliance With FCC Rules

The attached *Figure 1* is a tabulation of required separations pertinent to use of channel 252A at Stephens City, Virginia. The reference site complies with the Commission's minimum distance separations contained in Section 73.207 of the FCC's rules to all existing, authorized and proposed stations and allotments, except for the existing channel 252A allotment at Charles Town, West Virginia, for which this proposal is a mutually exclusive substitute.

Operation from the channel 252A reference site will provide the requisite city grade (70 dbu) signal to all of Stephens City.<sup>4</sup> *Figure 5* is a map which was developed using the 2000 U.S. Census Topologically Integrated Geographic Encoding and Referencing (TIGER) Line files which depicts the city grade coverage (70 dbu) contours based on class A facilities (ERP 6 kW/HAAT 100 meters) at the proposed allotment site. As shown, all (100%) of Stephens City is

---

<sup>4</sup> See *Figure 5* herein.

Channel 252A, Charles Town, West Virginia and Stephens City, Virginia

located within the 70 dBu City Grade contour. Stephens City is located 13.4 kilometers from the proposed WXVA channel 252A allotment site.

#### Urbanized Area Considerations

The WXVA (FM) 252A 70 dbu contour currently encompasses no Urbanized Areas, nor will the proposed allotment encompass any Urbanized area<sup>5</sup>.

#### 60 dbu Gain and Loss Areas

There are currently 137,339 persons residing within the WXVA (FM) channel 252A 60 dbu contour. There will be 158,860 persons residing within the proposed WXVA 252A 60 dbu contour. 56,867 persons currently residing within the WXVA A 60 dbu contour will continue to receive service under this proposal. 80,468 persons will lose service. 101,969 persons will gain service within the proposed WXVA 60 dbu contour as a result of the proposed 252A operation at Stephens City. See *Figure 2*.

The 60 dbu loss area related to the reallotment of channel 252 is well served by many aural services. See *Figures 3 and 4*.

#### Coverage Contours

The FM predicted coverage contours were calculated in accordance with the provisions of 47 C.F.R. Section 73.313, except that, in accordance with current FCC practice, uniform terrain was assumed in all directions.

#### Population and Area

The population within the FM primary service contour (1 mV/m) was calculated using a computer program that utilizes the 2000 U.S. Census database of "population centroids". The program adds the populations of those U.S. Census designated areas whose centroid lies within each service area.

---

<sup>5</sup> See *Figure 5*.

Channel 252A, Charles Town, West Virginia and Stephens City, Virginia

### Conclusion

Channel 252A can be reallocated from Charles Town, West Virginia to channel 252A at Stephens City, Virginia, in compliance with all applicable Commission rules. The community of Stephens City, Virginia would be provided with a first local aural transmission service, and the community of Charles Town, West Virginia will continue to have local aural service. No service will be lost in any underserved area<sup>6</sup> and no new underserved areas will be created as a result of this proposal. Therefore, Petitioner requests the reallocation of channel 252 from Charles Town, West Virginia to Stephens City, Virginia be granted accordingly.
